CAREER OBJECTIVE

Computer Science undergraduate with strong skills in Python, SQL, and Data Structures. Focused on developing efficient software solutions and solving real-world problems. Seeking an opportunity in Software Engineering or Python Development to apply and enhance technical expertise.

EDUCATION

B.Tech – Computer Science & Engineering

Kamla Nehru Institute of Physical and Social Sciences, Sultanpur

2023 – Present | **CGPA: 8.43**

Intermediate (12th) – Science

Town National Inter College, Saidpur, Ghazipur

2022 | First Division (Honours)

TECHNICAL SKILLS

- **Languages:** Python, C (Basic)
 - **Libraries:** Pandas, NumPy
 - **Web:** HTML, CSS, JavaScript (Basic)
 - **Database:** SQL
 - **Concepts:** Data Structures, Algorithms, OOP (Basics), Problem Solving
-

EXPERIENCE

AI Intern | CodSoft

July 2025

- Developed a **Tic-Tac-Toe AI** using the Minimax algorithm for optimal decision-making
- Built a **rule-based chatbot** using Python (if-else logic & pattern matching)
- Applied **recursion, algorithms, and problem-solving techniques** in practical tasks
- Strengthened understanding of **AI fundamentals and logic building**

PROJECTS

Tic-Tac-Toe AI (Minimax Algorithm) | Python

- Developed an AI-based game implementing the Minimax algorithm
 - Used recursion to evaluate game states and select optimal moves
 - Demonstrated concepts of game theory and search algorithms
-

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed a responsive portfolio website to showcase projects and skills
 - Ensured clean UI design and cross-device compatibility
 - Structured content for a professional online presence
-

Multi Guess Mania (Python Game) | Python

- Built an interactive number guessing game with input validation
 - Implemented multiple attempts and real-time feedback system
 - Applied core Python concepts including loops, functions, and conditionals
-

CERTIFICATIONS

- Introduction to Generative AI Studio (*Google Cloud*) — April 2026
 - Describe the Concepts of Cybersecurity (*Microsoft Learn*) — April 2026
 - HackerRank Python (Basic) Certification
 - CodSoft AI Internship Certificate (July 2025)
-

ACHIEVEMENTS

- Actively practicing Data Structures & Algorithms through competitive coding
- Continuously improving problem-solving skills
